Vividly Portrays Life of Great North Woods

No play has given the public a more vivid insight into life as it is lived in the "Great Northwoods" than "The River's End", the first of Marshall Neilan's independent productions, taken from the story of James Oliver Curwood and distributed by First National Exhibitors' Circuit. The play will be shown at the Star theatre here on Wednesday and Thursday, June 17 and 18.

Mr. Neilan's superb touch as a director has brought out the life in the northwest, as also has the selection of the "location". The life about which we have little or nothing brought home to us in a most vivid manner.

Leading the able cast are Lewis Stone, Marjorie Ray, Jane Novak, J. Denny Sherry and Charles West.

Youngest Delegate

According to the Portland Oregonian the youngest delegate at the republican convention at Chicago this week is from Nampa. The Oregonian says: Probably the youngest delegate at the convention is Harold Jennings, of Nampa, Idaho, editor of the Nampa Leader-Herald. Mr. Jennings is so young that he sidesteps any figures as to his age just as many women avoid the question for an opposite reason. He graduated from the Washington school of journalism in 1914.

STAR THEATRE, TWODAYS
A SMASHING NEW STORY OF GOD'S COUNTRY

Marshall Neilan
presents
The River's End
by
James Oliver Curwood

A wonderful Northland story of love and romance in the Northwest Canadian forests.

The story swings into quick action right from the start. Keeps one guessing vainly as to what is coming next and never falters in its stride.

"The River's End" is going to pack this theatre just as "Back to God's Country" did.

This feature will be played two days
Wednesday and Thursday
June 16 and 17

By all odds the best entertainment to be shown at the Star Theatre for the month of June.

On the same bill "Mother's Angel"

FLORENCE OIL COOK STOVES

All Done at Once

Biscuits, baked potatoes, a savory soup, and coffee—all at once. Such is housekeeping with Florence. Until you own this wickless oil stove, you are a slave to kitchen drudgery. The Florence burns kerosene—saves coal.

The Fuel Administration authorizes us to say that it considers the use of Oil Cook Stoves and Oil Lamps at this time a very important help in the necessary conservation of coal for war purposes.

Come in and let us show you how simply it works.

Saves Money because it burns kerosene
Saves time, wickless and clean

What other phonograph dares this test?

Did you ask some one about the Edison Tone-Test recital given Thursday, May 13th in Wheaton theatre? The startled audience heard Marie Morrisey's living voice flood the packed house. It then heard the New Edison match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you.

The voice of the living artist and its RE-CREATION by the New Edison can not be told apart.

It is no idle phrase that you enjoy Case, Middleton, Heupel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

The New Edison
"The phonograph with a Soul!"

Come in and hear this wonder for yourself—the Three Million Dollar Phonograph* that RE-CREATES the very soul of music.

Ellingson Drug Co.
Weiser, Idaho

*The instrument used in this Tone-Test is the regular model which sells for \$295. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.
