The newly appointed Judge of the Second Judicial District, the Hon. Case Diederick, arrived in town on Tuesday morning's train, and is now holding his first term of court for this county. All the attendants at court speak very highly of the Judge, both as a gentleman and a jurist. His business matters, through his attorney, are surprising to some of our attorneys who have been accustomed to having their own time in the judicial courts. He is prompt and impartial in his rulings, showing great legal ability. We hope the Judge a successful administration, and hope that he may become an "improver" of the Idaho as to make his future term successful.

On Monday morning last one of Mr. Dickerson's little boys met with a severe accident, while riding and driving some loose horses. He was riding fast when the horse slipped in a hedge hole, throwing the boy over his head, and the animal in trying to recover from his fall, and being fresh blood with his hooves, struck the boy on the right leg just above the knee, tearing away almost entirely the entire flesh part of the leg. The little fellow has remarkable good, as he walks and can run some horse, but the disfigurement of almost a mile and a half Dr. Hunt was called and dressed the wound, and the little fellow is getting along as well as could be expected.
