C. K. TAYLOR,
Agent.

Washington Co. Republican Platform.

RESOLVED, That we heartily endorse the national republican platform, adopted by the republican national convention held at Chicago June 3d, 1884, and recognize in the "Plumed Knight" of Maine and the "Black Eagle" of Illinois men who will faithfully and efficiently administer the laws of our common government impartially and without discrimination, awarding and securing to each American citizen—whether at home or abroad—every right guaranteed by the constitution and recognized by international law.

1. That we denounce as Un-American and anti-republican that system of legislation and administration that robs the pioneer citizens of our territories of their right to vote for president and vice president at the national elections, and that places non-residents as rulers over them within their respective territories. We therefore demand such legislation as congress as will grant to every citizen of the republic the right to exercise ballot for the above mentioned officers and to secure the appointment of bona fide citizens to all offices in such territory filled by executive appointment.

2. We are in favor of using all idle and surplus territorial funds as a sinking fund for the loan of the public schools of the territory.

3. The best protection for life and property against those who violate should be secured through fear of the law. To secure the prosecuting attorney, sheriff and magistrates should be vigilant, fearless and honest. Therefore we are in favor of [illegible] to secure the services of [illegible].

4. We are in favor of [illegible] the law in regard to the keeping of toms so that those who [illegible] pay on all lands [illegible] pro rata.

5. We are in favor of [illegible] the school district that [illegible] in the county may have the benefit of a nine month school in each year.

6. We are in favor of making the legal rate of interest [illegible] than ten per cent per annum.

7. That the [illegible] and equitably allot the [illegible] tion of the firm. That [illegible] way for [illegible] the [illegible]

The Association Plank.

After quoting the association plank of the territorial democratic convention, the Nez Perce News has this truthful paragraph in relation to the people's candidate to congress:

"Upon a platform containing the above plank has been placed a man in whom democrats and republicans can repose confidence and trust—a man of honesty. The people both north and south know Mr. Holley, and those who know him best are most ready and willing to testify that he will not make insincere pledges. His interests are identical with the welfare of the territory. However, annexation may not be, as he may think, for the good of the whole territory, yet he will support it, believing that a certain section will be benefited thereby, and peace and harmony prevail once more. We need have no fear or suspicion of Mr. Holley saying one thing and doing another."

After this comes the republican plank upon the same question, and the News makes the following remarks thereon:

"Here is a very weak plank on the subject of annexation, with an uncertain and unscrupulous carpet-bagger as its champion. Singleton has no interest in Idaho or anywhere else that we have ever heard of. He is a chronic office-seeker and political beggar and brimmer, as his actions since his advent into the territory amply show. He will pledge anything for office. He came to the territory an office-holder, and before he was a qualified voter began scheming for the highest and best position within the gift of the people, to the exclusion of men of ability and honesty (qualifications Singleton never possessed), who assisted in shaping our destinies in the pioneer days, and who are justly entitled to some consideration for past services. If Mr. S. started to this country with a brilliant character he must have lost it on the way over, as he has displayed nothing but deceit and charlatanism since arriving.

"Read the two platforms. You will find the one upon which Singleton stands to be cut exactly by his measure, leaving him to be the sole judge as to how far he will favor annexation. 'It is a question of local importance with the people of that section,' and demands recognition and support in proportion to the sensibility of their opinion on the subject.' This is about the same as to say that the measure must be supported sparingly lest it might be passed. The delegate will understand that only a certain proportion of his mighty weight is to be cast in pushing the measure through congress, while the balance of that weight is to be brought to bear in the other direction. This reminds us of Ben Butler's call story and Mr. Butler, if he is abroad, will be entitled to credit as to his [illegible] If it is a true and [illegible] If the [illegible] he [illegible] the [illegible] is now in the ring ready to [illegible]

[illegible] Holley [illegible] a platform [illegible] is unequivocally in favor of [illegible] Singleton [illegible] on the fence [illegible] [illegible] [illegible]

THE WEEKLY LEADER.

SATURDAY, OCTOBER 4, 1884.

Read the republican county platform, on first page.

R. C. Halfrich, manager of the Howard Silver Co., was in town yesterday.

The cold weather of the past week has caused stove-lovers to commence in earnest.

Rev. Dwight Spencer will preach at the school house Sunday at 11 o'clock a. m., and 7 p. m.

Ex-Senator J. W. Nesmith, of Oregon, has become insane from a stroke of paralysis and sent to the state asylum.

John McClintock, from Salmon Meadows, was in town during the week and laid in a six months supply of provisions.

"The cold, chilly winds of November have stolen my voice and my office from me!"—Stanton's song after election.

Weiser will have a soap and chair factory in operation within sixty days. It will certainly fill a long felt want in this section.

Dr. M. Pefferle, dentist, will be here the first of the coming week. All parties wishing work in his line should be on the lookout.

John Hazlhorn was kept busy all day Thursday last putting up stoves and getting "varmin" things in readiness for the cold weather.

Mr. Cooper has just returned from the Seven Devil country, and has some very fine specimens of silver ore; also, some samples of copper.

The contract has been let to Mr. John Cozzens to build the Baptist church building, and we understand that he will commence work immediately on the same.

A man from the Salt river country has a fine band of bees on Crane creek, where he will winter. He promises us all the butter and cheese we want another year.

The Caldwell Tribune came out last week with a good article in support of Hon. John Hailey for delegate to congress. On the right track this time, friend Caddy.

Public school in this district began Monday morning last. Let every child of school age be present early, and the parents should see that they attend regularly.

R. J. Lenark, proprietor of the City restaurant at Boise, paid our town a flying visit the first of the week. Ben. has many friends here, who were glad to meet him, and who wish him continued prosperity.

Pat Hickey informs us that he has his store house in Baltimore fully almost completed, and that he will soon open out with a first class stock of dry goods, and groceries. Pat has many warm friends here who wish him the highest success in his new enterprise.

A social dance was given Wednesday evening at Thomas A. Williams' new building. The affair was pronounced a success by those present, but few were largely attended. Mr. and Mrs. Weatherford prepared a splendid supper for the occasion at the Weiser Hotel.

W. H. Dolphin, E. A. Heald, E. Heald, P. Kinney, and others, the jolly crowd of railroad boys, who left here a short time ago on a prospecting tour, have all returned. They did not find any gold, but they all report the result of their trip as very satisfactory. Mr. Dolphin says he will go out again in the spring, and will be accompanied by a party of Weiser boys.

An Independent Candidate.

Allow me to come to the voters of South Idaho that I am an independent candidate for congress, and to ask through your paper the earnest support of all voters, North and South, who are tired of carpet-bag rule or representation. I ask all voters to say at the polls that henceforth and forever imported political adventurers and Federal pets are not fast on asylum in Idaho, and shall not fill all our places of honor and emolument. Mr. Singiser came here under Federal pay and has continued under Federal pay ever since he set foot on our soil, and look he not been paid for coming would never have seen Idaho territory.

Shall we say at the polls that we are a set of serfs, and that we are incapable of self-government and self-representation? Let us set the seal of condemnation on this whole carpet-bag dynast.

Respectfully,

W. S. TAYLOR.

Moscow, I. T., Sept. 25, 1884.

Shoes, boots, slippers, always at Bell's.

Hon. T. H. Browne, the democratic nominee for joint councilman with our county and Ada, has declined to accept the candidacy for that position. And in this matter the central committee of this and Ada county will probably place T. D. Gilchrist in nomination. In doing this the committee will act wisely, and place a man for that position who, if elected, will work hard, first, last and all the time for the interests of Washington county, and will make a representative of the people. You're as well known to our people that it is needless to say more.

Good, warm winter socks cheap, at Bell's.

Andrew Adams, of Indian valley, was in town during the week, and reports times as flourishing in that section. He says that the thrashing season will continue three weeks longer, the yield of grain being very large. Three machines are plugging away constantly. Mr. Adams is the register of Indian valley precinct, and says that he has 65 names on his books. This shows that the people up there understand the registry law better than in this place, and have prepared so as to vote early on election.

The cheapest goods are found at Bell's.

It is said that some parties in the county are persuading certain classes not to register, making them believe that the law is unfair, discriminating, and interfering with their rights as citizens. This is wrong. Every legal voter should should register, and if the law is defective or objectionable, have it amended or repealed at the next easy warrant.

All wishing to "shoot the hoop" at Bell's.

Deputy Sheriff Campbell, of Albion county, arrived here last Thursday morning from an extended trip through eastern Oregon in search of refugees from justice. He was successful in effecting the capture of one of the fellows in Lemhi jail, and returned to Albion on Friday last with his prisoner. He reports times in Albion county as very dull.

Frank Hubbard offers splendid farm, about one mile east of the town. This is one of the best places in Idaho, and anyone desiring to purchase a home should call on or address him. See ad in another column.

Geo. Taylor will receive fresh potatoes by team in a few days, and will sell them cheap for cash or trade. Leave your orders at the store of Taylor & Co.

The conference of the Methodist church, in session at Boise city recently, made the following appointments for the Boise district: Paddling Jeff, Rev. A. Rech, Boise city, D. W. Grauds; Caldwell, S. E. Crowe; Emmettsville, Rev. Thompson; Halley, A. J. Joslyn; Shaniko, J. W. Maxwell; Weiser, N. Sellers.

Fresh Butter and sugar for sale at Bell's.

Fresh candies, nuts, etc., etc., at Bell's.

Taking This Symptom out Gun.

The symptoms are pointers, like you see in a barber's window, painted by artists; very deceiving, generally, and startling to read of the dreadful ones that make one uncomfortable afterward. If you need a cough medicine, use Piso's Cure for Consumption; very safe, very sure, and very cheap. Sold by druggists. 25c.

Piso's Cure for Catarrh. Effectual, safe, pleasant. 50 cents. Sold by druggists.

Piso's Cure for Consumption cures where all else fails. Best cough syrup. Tastes good. Use in time. Sold by druggists. 25c
