THE WEISER LEADER.

WEISER, OCTOBER 12, 1888.

For District Attorney,

H. S. KING,

"Independent Democrat" fives His Views on the Situation.

Salubria, October 4, 1888.

ED. LEADER: I presume now that both political parties have made their nominations for the county and territorial offices the time for the people will soon be coming for their candidates to report, and the various candidates will be around seeking votes and favors and repairing broken fences, &c., to bridge themselves over the closely-contested election of next November. Of course the common voters, and those taking a broadside view of the case, ought not, under the ordinary course of things, to make any criticisms, but under the present circumstances, and considering the fact that the LEADER does not swallow the whole crew on either side, I will venture my views on the situation.

In the first place, I might say in preface, that I was in attendance at the Salubria convention, and might say farther that my democracy was of such an order that the only crimes known to my early life were that of voting straight and voting the republican ticket—neither of which crimes I yet stand convicted, though I may be chargeable of the greater one of voting for a portion of the republican ticket—a crime of the deepest dye, as matt. I hope I may never be forced to do so again, and now charge the democratic party for forcing me into that desperate measure at this present time.

In the first place, I might explain by saying that at the time of the Weiser republican convention, I did not consider the ticket put in the field by that body as first-class by any means, and hoped the democratic party might gain wisdom and benefit themselves by the errors of the republicans, but I find that, in a great measure, was not to be. The first place, my objection to the democratic ticket is this: They utter too much to the whisky element of the community, and they put up men who, with a few exceptions, are seeking that stocking to pay the whisky campaign. Of course they were fair in this matter; the firing of one certain proxy out of the convention because he stood in for candidates whom everybody knows meant to represent law and good order, is an evidence of this fact. Take the whole ticket through, there were men in the party seeking to be recognized for their worth and sobriety who were ignominously kicked out for no other reason than that they were opposed to the whisky rings and represented the law and order portion of the community and of the democratic party. It to be hoped that this fall the democratic party of this county will say in language not to be mistaken, to all whisky gamblers, police sharps, and whisky candidates generally, that it will not in the present time their services are not needed in public life, and that they shall be retired until they can come asking for public favors with cleaner hands and purer hearts, and will say in no uncertain whisky campaign would win; but that time, thank God, is past, and I hope there is not a voter in the county who holds his vote at so cheap a price that it can be bought for a glass of rot-gut whisky or a leg-erous China made cigar.

I will close this letter by asking every citizen of the county to vote for the best men. We want men who will fill all the offices with honesty of purpose, and men who are capable, industrious and sober and have a clear record.

INDEPENDENT DEMOCRAT.

In speaking of Warrens mining district, the Idaho Free Press of October 6th, has the following paragraph: "All over the camp there are thousands of tons of rich float which would pay good-big daily wages if it were gathered up, hauled to the mill and crushed. In much of its float gold is plainly visible to the naked eye, and when there are better roads and milling facilities this occupation will become quite an industry. Mr. Chmond tells me that he realized at first from $70 to $100 from tons of float which he packed to the mill, and that it made him $10 per day easily."

Idaho Free Press.—M. L. Hoyt, of Weiser, has purchased the Spring Hill mine (4 Warrens) of Luther Johnson and Pegley Smith for $2000 and will open it up next season. The ledge is the one located by Gov. Brose and the citizens two years ago, and would have been prospected but for Mr. Brown's being called to Tailholt to relieve a sick partner in his claim at that place. We look for no expect to strike it yet.

Strangers have suffered from fear of exposure and indigestion because they failed to find relief until I began taking Ayer's Sarsaparilla. This medicine entirely cured me. My appetite and digestion are now perfect."—Fred. G. Bofer, 490 Seventh st., Boston, Mass.

Our jolly old friend, Wm. Williams, of Paddock valley, was in town the first of the week.

The First Sign

of failing health, whether in the form of Slight Sweats and Agueish Chills, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is unsurpassed for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I soon became as healthy and strong as ever.—Mrs. M. L. Williams, Alexandria, Miss.

I have used Ayer's Sarsaparilla in my family, for females, and know it to be taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, M. D., D. D. S., Grenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headaches disappeared, and my stomach performed its functions more perfectly. To-day my health is completely restored.—Mary E. Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates every action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—C. P. Johnson, 333 Atlantic avenue, Brooklyn, N. Y.
