LOCAL NEWS.

Lots of strangers in town.

S. B. Cope is building a barn 18 x24 in Main street.

The bottle and tanks for the brewery have arrived.

First class Minstrelsy at the variety house, to-night.

Dick Wheeler was down from Salubria, over a week.

What Weiser City stands most in need of is leather.

Twenty houses could be rented in Weiser City in the next ten days.

Sheriff Gray has withdrawn his name from the Democratic ticket as candidate.

The man who wrote "To Idaho's sunny clime," went East just before the fall rains set in.

Fun, and lots of it at the court house, to-night. See "ad" in another column.

The recent rains have made the roads very heavy, in consequence of which the stages are a little irregular.

Weiser City has now a population of 200, with everything in its favor to become the largest city in Idaho.

You will laugh if you go to the Variettes, to-night.

A kicking broncho and a belligerent cow furnished considerable amusement on Commercial street, yesterday.

Now is the time to get your pictures taken, at the Chicago Picture Tent, which will remain in Weiser until October 23d.

Mr. H. C. Riggs of the Payette, accompanied by his daughter, Miss Ada, are visiting Mr. and Mrs. M. Dickson, of this place.

Mr. Peters' family arrived here from Boise the first of this week and are now living in Mr. Landis' cottage on Commercial street.

Hon. T. C. Galloway, republican candidate for penitentiary warden, will speak in Payette on Thursday. He says everything is lovely.

A fine specimen of the horned toad was brought in from the desert yesterday. It is said to be a rare species.

Mr. Shaw, of Shaw & Co., Boise City, was in town last week. He says that Boise City is booming, and that the Idaho City road is being rapidly improved.

The first quarterly meeting of the M. E. Church for the Weiser circuit, will be held on the first Saturday and Sunday of November. All persons and the official board are requested to be present.

WM. T. KOONTZ, Pastor.

The contract has been let for 700,000 feet of lumber to be used in the construction of the O. S. L. bridge across Snake river, 18 miles below this place. Capt. Locke, the contractor, is now in Portland purchasing a steam saw mill with which to fill said contract.

T. M. Huntington & Co., of Huntington, Oregon, in addition to their large stock of general merchandise, have for sale the "Boss" boots manufactured by Akin, Selling & Co., Portland, Oregon. These boots have a splendid reputation and every pair is guaranteed.

Until we get into more comfortable quarters the LEADER will not be as interesting as it is our desire to make it. We hope our readers will indulge us with their patience for a few days, when we will be found willing to be able to write a two-line item and put it type without running up town to warm our fingers.

Mr. S. M. Frank, of the firm of Bamberger & Frank, of Baker City, and Mr. Lew, of the same place were in town Thursday. Mr. Frank came up to make arrangements for the establishment of a general store at this place, and has leased the Landis building on First Avenue, between Commercial and Main streets for that purpose. Mr. Bamberger will leave Baker, on Monday next for San Francisco to purchase their goods for their house here.

A Fine Barn.

Among the many commendable enterprises of Boise City, none of a private character deserves more favorable mention, than the magnificent barn of Mr. Wm. H. Nye. The building is 36x50 feet, two stories high, and is a model structure of convenience and beauty. While there is nothing extravagant in its construction and finish it presents a handsome appearance and is certainly a creditable addition to its very desirable property on Grove street.

Shainwald Bro's.

Anyone visiting Boise City will be well repaid for their trouble by inspecting the handsome and well stocked establishment of Shainwald Bro's., south side of Main street. This firm has not been in existence longer than six months, but in that short space of time, by their energy, liberality and fair dealing, have established the leading trade of the town. Since their opening goods have been brought down to a living, legitimate profit, and to them, alone is the credit due for the immense business they have established in Boise City. Their stock is complete in all branches of trade, the addition to their already extensive stock of groceries, which they have just received, being especially worthy of notice. While their goods are sold at the lowest possible figure, they are of the best quality, and the fact that they have been in business but six months, and have already established a trade which many houses of years standing might envy, is the best evidence that they are deserving of the success which has attended them. Their store is a model of neatness, and their clerks are gentlemanly and accommodating. Call and see them.

Stock Saddle.

Stockmen, who have used or seen the improved Iron Horn Stock Saddle unanimously pronounce it the perfection of a Stock Saddle. It will neither hurt horse or rider, and is so strong that it cannot be broken. To suit the tastes of all, we keep constantly on hand every kind of first class saddle trees made, such as the Cheyenne, Short Prairie, Lehman, White River, Visalia, Los Angeles, Mark Week, Bar Jim, etc. Every one of which is guaranteed to be by the manufacturers and we will, free of charge replace any broken tree.

TEAM HARNESS.

Believing that a good article would win public favor, we have from the start used only the best material and employed the most skilled mechanics in the manufacture of harness. We have not tried to see how cheap a harness we could make, but

HOW GOOD

and consistent with style and quality at the lowest possible living price.

Machine made harness from cheap stock, though it may have a smooth appearance when new, will not look well when one month in rig and is dangerous in use. The article has been deceived by machine work. If they have become discarded and those who have examined for themselves know that the place to get
