MAKING A GOOD JOB

When you are engaged in a business, it is not enough to simply get the job done. You must also make it a good job. This means that you must take the time to do it right the first time. It is better to spend a little more money now to do it right than to spend a lot more money later to do it over.

What a Miserable Man

There is a man in Weiser who is a miserable man. He is a miser and he is a miser in the true sense of the word. He has a great deal of money, but he does not know how to use it. He is a miser and he is a miser in the true sense of the word.

Red Front's

Red Front's is a store that has been in business for many years. It has a great reputation for its goods and its service. It is a store that you can always count on for the best in its line.
