A Small Child

You come to our store and make purchases just as advantageously as the most investante and fullledgia shopper.

An article is sold at the price at which it is marked or if it not sold at all. This is the A. B. C of success in business and it is responsible in a greater degree than any other one thing for the enormous and constantly increasing patronage at our Store.

We are constantly adding to our stock of Dry Goods and Groceries.
