LOTS OF MACHINERY.

There are About 50,000 Pounds of the Shipment now Here, and Some of the Pieces will be Difficult to Transport over the Present Road to the Seven Devils—Mr. Hobson Inferring to that Mr. Cook, of Huntington, will Probably Move the Contract for Transportation to the Copper District.

People must be aware too much that this enterprise, as compared to what the company is simply a prospecting smelter of small capacity calculated to demonstrate the practicability of handling the ores of the district. Its capacity is estimated, in the company here and connected with the enterprise, to be seventy tons.

MEETING LAST SATURDAY.

Put Your Shoulder to the Wheel and Make the Coming Horticultural Society a Success.

Last Saturday a meeting was held in the office of Frank Harris to consider ways and means to make a proper representation of the agricultural products of this county at the meeting of the State Horticultural Society at this place.

There were not as many present as had been anticipated, but those who were there were quite enthusiastic. S. A. Swenger was selected as chairman, and R. E. Lockwood secretary.

The matter in hand was talked over at some length in its various aspects, and it was the wish of all to have a good, and if possible, a county fair here, with all the usual features thereunto belonging. During the period of the Horticultural meeting, but this would necessitate the organization of a Fair Association to take the matter in charge and manage it. The financial grounds and buildings are all ready, and it is apparent to citizens of Weiser that it was unanimously decided that efforts to making the Horticultural meeting a rousing success—as well as to make a creditable showing at the State Fair—it would be judicious to organize a Fair Association here and will be quite certain to receive the support of the citizens generally.

It was the unanimous sentiment that the Horticultural meeting should be held here this year, and that all the energies of the people of this county should be put forth to make it a success. This effort will take place here in Weiser and will be quite certain to receive the support of the citizens generally.
