HARD TIMES HURT!
We know just what hard times are, and don't you forget it.
We also know how to adapt ourselves to them, and don't forget that either.
We know that everyone is now pinching economy and making a dollar go as far as possible.
We also know just the opportunity they want to economize and make the dollar go far.
By buying in big lots for cash we get our goods at the best figures, and we enable to sell every dollar at hand.
Wholesale prices, with the least possible profit, so that our customers will feel the pressure of the times as little as possible.
