

HOW A WOUND HEALS

When the Blood is Pure of Malaria (Helm's Gelsin) The Feet Demonstrated by the Case of A. C. English, Chaplain of Asbury, Ohio.

It is a well-known fact that the blood is the life of the body, and that if it is impure, the body will suffer. The most common cause of impure blood is malaria, which is a disease that is often fatal. However, it can be cured by the use of Helm's Gelsin, a powerful blood-purifier. The case of A. C. English, Chaplain of Asbury, Ohio, is a good example of the power of this medicine. He had been suffering from malaria for many years, and his feet were so badly affected that he could not walk. After taking Helm's Gelsin, he was cured, and his feet healed.
