THE WEISER SIGNAL.

HARD TIMES HURT!

At all times, but they never hurt worse than they are hurting at present. We know just what hard times are, and don't you forget it.

We also know how to adapt ourselves to them, and don't forget that, either.

We know that everyone is now practicing economy and making a dollar go as far as possible.

We offer them the opportunity they want to economize and make the dollars go far.

By buying in big lots for cash we get our goods at the best figures, and are enabled to sell easy down at **hard times prices,** with the least possible profit, so that our customers will feel the pressure of the times as little as possible.

Just At This Time

WISER

Is about to come upon us with its long evenings and cold days, we should remember that its desirabilities is much enhanced by a good local paper to chase us with its weekly visits, laden with news of our neighbors and burdened with the spirit of the times.

Such a Paper

is the home circuit which publishes at Boise at $2 a year.
