THE WEISER SIGNAL

WEISER, IDAHO, THURSDAY, NOVEMBER 8, 1924.

NO. 27.

THE BEST OF MONEY... The best of money is not the most that a man can get, but the most that he can use. It is the money that is put to work for him, that makes it grow and multiplies itself. It is the money that is saved and invested, that makes a man rich. It is the money that is given to the poor, that makes a man noble. It is the money that is used for the good of the world, that makes a man great.

WHAT WE WANT... We want a government that will protect the rights of the citizen, that will maintain the law, that will promote the welfare of the people. We want a government that will be just and fair, that will be honest and truthful. We want a government that will be strong and stable, that will be wise and prudent. We want a government that will be the best of all possible governments.
