COAL THOUGHTS
 This is the time of year to look ahead and think of the coal that will be needed for the winter. It is a good idea to get your coal now, so you can be sure you have it when you need it. The Past Year's Business
 Has been a phenomenal one—phenomenal on account of the volume of business transacted, a volume so great that at different times during the year we were obliged to enlarge our quarters and cover with these improvements our large stock is somewhat dwindled, but we hope to overcome this in the near future. For the year 1914 we expect as large an increase as this year. We expect to make this not only the best year in Weiser, but the 85th Anniversary year, and will give you help, right prices and fair treatment, we have great hopes that our expectations will be realized.
