No More Suffering.

If you are troubled with indigestion get a bottle of Ecdol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thompson, of Spencer, Ia., says: "Have had dyspepsia for years by years. My case was almost hopeless. Ecdol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Ecdol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Many persons suffering with indigestion or dyspepsia should use it." Sold by all druggists.

Entertained the Grand Matron.

Mrs. A. W. Watson entertained a few lady friends on Wednesday at a 6 o'clock dinner in honor of Mrs. Dollbier, Grand Matron of Idaho. The table was laid for eight. Three pots not beside the guest of honor were Past Grand Matron Rhea, who was the first Grand Matron of Idaho; Past Grand Matron Waters, who worked so faithfully to have a chapter organized in this state; Mrs. Washington Post, Matron of Lapwai chapter; Miss Hattie Smith, the present Matron of Lewiston chapter; Mrs. Cook of Lewiston chapter; Mrs. Cook of Lewiston chapter; Mrs. Dollbier, and Mrs. McKinney, Confederate.

The dining room is most delightfully arranged. The day happened late in October. Winter accordingly Mrs. McKinney, as they helped her along in and hope to may see many more Mrs. Dollbier left for her home in Nezperce on Thursday morning.

Another Party Wedding.

One of the prettiest weddings of the season occurred at the home of Mr. and Mrs. R. L. Badger, on East Main street, Wednesday evening, about seven o'clock, when Pearl Hamburg and Miss Beulah Lee were united in marriage by Rev. W. W. Deal, pastor of the M. E. church. The ceremony was performed in the presence of only a few of the most intimate friends of the contracting parties. The parlor was beautifully decorated for the occasion. The happy couple are well worthy of each other and have the best wishes of a large circle of friends and acquaintances. Mr. Hamburg is employed by the prosperous firm of Hamburg Bros., while Mrs. Hamburg is one of the popular teachers in the West Weiser school, where she is heartily beloved by her pupils. She is the daughter of Mr. and Mrs. George S. Lee of Payette, Ohio, her former home. Mr. and Mrs. Hamburg will receive a number of handsome presents, and wish one of the good old-fashion charivari. They will reside for some time at the home of Mr. and Mrs. Badger.

The Musical Shooting Case.

The preliminary hearing in the two Burbidge boys, Monty and Lewis, charged with shooting Sarah Lewis, a neighboring, on the charge near Midvale several weeks ago, was set for Thursday morning, but was abruptly postponed on account of disappearance of Lewis some time Tuesday night. The two defendants and their father, one Moses, H. D. Wiley, W. Abbott, D. Jackson and G. F. Griffith, witnesses in the case, arrived in the city from Mineral Wednesday. Lewis, the principal witness, also arrived Wednesday, but it is thought he was so badly frightened and worked up over the approaching trial that he decided, with the aid of friends, to leave the country. The case was dismissed for want of prosecution.

Narrow Escape From Fire.

What might have been a disastrous fire was nipped in the bud early Wednesday morning at Billy Rich's cigar store. Between the end of the confectionery case and the wall a cloth sign had been deposited, and it is thought someone carelessly tossed a cigar or cigarette stump there on the evening before, igniting the cloth, which smouldered until next morning, when it was fanned into a flame. The blaze was leaping to the top of an eight-foot partition when discovered. Aside from slightly scorching the wall and case, no damage was done.

THE MORMONS IN POLITICS.

The Mormons have an organ as superintendent of Salt Lake schools, one Joseph M. Tanner, who is a polygamist and who has had from the ground to bring into being the secret, boycotting society.

The Tribune prints a photographic reproduction of a typewritten letter sent by the State Board of Religious Class Work" in Mormon schools; in the public schools, as follows:

As the Banks Board of Religious Class Work are desirously request that you take hold of the work in your locality, and see to it that the Gentile teach, as you know, dear brother the call to walk comes from the Presidency of the church, and the call comes in every day-school teacher of our common faith, for the reason that by education they are the most successful Mutual in this part of this work.

The work dear brother is not ours particularly, it is the work of the Great Master who calls his servants for the last time to labor in his vineyard; and your SPECIAL CALL IS TO SOW FAITH OF THE GOSPEL RIGHT UP THE BREASTS OF YOUTH PUPILS, and to after years you will call us to call you blessed for your efforts. Counsel please feel free to call on the undersigned for any assistance or express aid that you may desire. Your brethren,

A. B. STOUT.

Chairman Religious Class Work.

Dixie Hills of evil among the rest.

On hand of us to the Gentile boys of this section country, and the Gentile girls of Cedar City, Washington county, Idaho, will attend the opening meeting of the Mormon Religious Class Work and read the letter to the students which should be heartily. Mr. Otter is the first of a series of the men who have consented to speak to the high school during the year. Other prominent men of Idaho have been said to us, favorably, of the proposition.

THE WEISER HIGH SCHOOL.

Below is given data by which the standings of the high school students may be compared for the months of October and November. We invite a careful examination of these standings:

Avenue Grade, Boys	October	November
" " girls	96	94
Per cent boys below 70 per cent	10	8
" " girls " "	3½	3½
" " boys 70 to 80	28	30
" " girls " "	16	20
" " boys " 80 " 90	60	60
" " girls " "	60	60
" " boys above 90	12	10
" " girls " "	42	40

In the table will be noticed the notice is a consideration of those children, the above table reveals some interesting facts. In every case during October the girls exceeded the boys—in every case except one this was true in November. The girls of a whole, however, fell below their standings of October. It is a gratifying thing to see our ability to surpass our pupils in the pursuit and preparing made by the boys. After the advancement of the standings of October, the boys seemed to not about to raise their standings. The data given above shows the well they succeeded. The typical American boy; he is the only fact to surely as he is in every other locality of the country. He possesses that "extra quickly" trait as is always possessed; ability to meet and overcome difficulties, determination and will, and the like are settings. These characteristics are necessary, potent to the shaping of his career. Our boys are clearly that a gain must be made. This gain we make. Their standings are not also found in our girls. Their standings are high. We established them on the basis. More than a dozen years of experience have taught us that the second grade by the High School girls of Weiser, is reckoned success in very high degree. The fact that more than 70 per cent of our girls have arranged about 90 in class standings, indicates that the studies are not discouraging, and that all else, social pleasures, His dearest of the future, and indifference to examinations, may be set aside as a leading part of their existence. And our boys are not far behind in these things. Indeed, they may soon be behind long. Is it wrong for our students to indulge in social pleasures? No, on the contrary, it is right. The wrong comes first, in indulging in the social time and, second, in allowing that indulge to take the most prominent place in the thought. But our students for the most part are not doing this. When they do or when any of them do, they worry and recalcitrant are severe measures. We will not set out parents to make us in this. Are they allowing them things to, crowd out of their life the greater and more important considerations? The standings do. Let their note speak a condition. Now we come to a question which, to one who has found years working with and trying to help young men and young women, is one of absorbing interest.

It is a fact that in our High School there are a number of students, who, with comfortable home surroundings, faithful and parental study, and no serious detention to study, fail indeed to attain a high class standing. Where is the fault that, which is truly lasting in the attempt who come in touch with such lives. It is to this class of students the faithful teacher directs, and to this class the high class of unerring toil, that these words are directed. There are in our High School those whose daily effort and devotion to duty, combine a notable mental alertness and call for the highest efforts from teachers. And here lies the beauty and strength of these lives. They are forced to daily toil, and they are accumulating strength so that in after years when others seem, they will be unwearied, unhesitating, go giving on, with a fortitude, fellowship, unwaning and unbiased helpings. In hope of this class of students we have organized and which contained, 96, 94, 94, 91 as standings for October, in November this same card showed 96, 96, 94, 87, as standings. Very few pupils have kept in the standard to claim these grades. There were a number of whose home perhaps other students were enjoying—and not necessarily. There are, the discouragement arising from failure, to make a good recitation, other hours of faithful study. But there is another class of students, to-flesh. The kind and above referred to is one of the strongest characters in the High School. A student may be and usually is a brilliant scholar and also a strong character, but it is equally true that brilliant scholarship is not as essential in the makeup of a strong character. It is not given to all to be brilliant students. But it requires strong characters to fall consistently over school, for—to the utmost and—and here is the responsibility of those who have been favored by nature with brilliant minds. Here, too, the truest glorious to add competition. He toils and struggles in obedience to calls from God, and many have no such ideal. I know how unsatisfying and unpaid they will be to many who are not ideal. I know how unsatisfying and unpaid their sometimes will this may seem, to their own parental study.
