Amusements
 "Lady Little," a midget who has amused Londoners, is now in New York. She is a very small woman, only about 2 feet tall, and has a very pretty face. She is a native of London and has been in the United States for some time. She is now performing in a variety of places and has been very successful. She is a very popular attraction and has been the subject of much newspaper attention. She is a very interesting and amusing sight to see. THURSDAY MORNING
 The Doors of the
Taylor Hardware Co.

will swing open on one of the most interesting
 propositions of high grade table, household and
 farm utensils that has ever taken place in
 Weiser. Neither is it probable that another
 will ever take place. The stock is worth \$125-
 00.00 but at the special prices to go in effect
 Thursday it will yield less than \$7,000.00.

The big sale of Oliver Plows, fifty altogether,
 will start Saturday, Feb. 3. This sale will
 be conducted by Chet Taylor and John Brook-
 man, but will not last long, perhaps a week or
 ten days. Drop in Wednesday and look it over.

MILES CANNON,
 Owner.

 of the many things that are going on in
 our world. I have been thinking of the

 things that are going on in our world.
