

AEROPLANE ADVENTURES

By J. ARMSTRONG DREEL

TV-Flight Far In Cleveland

The first of the new type of television sets, the "Aero-Plane" model, is now being sold in Cleveland. It is a complete set, including the receiver, transmitter, and antenna. The set is designed for long distance transmission and is capable of receiving signals from any part of the world. It is a great advance in television technology and is expected to revolutionize the way we receive news and entertainment.

PLANE TAKES TO SKY FOR TESTS IN EAST

Picturesque and Stagnant Contrasts at

Stagnant scene

The scene is a stark contrast between the picturesque and the stagnant. The people are dressed in traditional or historical clothing, and the setting appears to be a rural or historical area. The overall atmosphere is one of timelessness and perhaps a sense of stagnation.
