MEN and RELIGION

The Meaning of the Movement

THE aim of the Men and Religion Forward Movement is to bring into the church and its work the same zeal—the same high standard of efficiency—the same aggressive, manly vigor that is manifested in the highest type of the American business enterprise.

¶It is an aim that will appeal to any right thinking man.

¶It has in it the essence of the whole program of this wonderful uprising of Christian men.

¶Five vital points of emphasis are the basis of the movement:

1. **Evangelism** More men in the church and those who are in at work for others.
2. **Bible Study** Every man familiar with the Word of God and alive to its message.
3. **Social Service** Every man interested in and working for the community in which he lives.
4. **Boys' Work** A square deal for every boy—that he may grow into well rounded, fully developed Christian manhood.
5. **Missions** Every man interested in and familiar with the world wide aspect of God's Kingdom.

A big program. Big enough and comprehensive enough to stir the hearts of the Men of America.

The great meetings to be held in Boise next week are the opening guns of the campaign. Inspirational instructive. Just-to-help-men-get-the-vision. The real work is to come later—under the guidance of the local committees, covering a period of years.

Similar campaigns are to be held this fall and winter in 94 cities covering the country like a blanket and reaching practically every man and boy in America.
