A council of the Indians to determine their action will be held at Lapwai February 25.

Wages Globe Employees.

NEW YORK, Feb. 17.—Additional changes representing $2,127,276 for loss of life and casualties in the Wheeling disaster have been filed. The total is 241, claims amounting to $3,327,271.

The largest of the single claims is for $250,000, filed by Herbert H. Carey of Providence, R. I., for the death of his father. Englehard C. Dube. The time limit for filing claims has now expired.

Pope Pius X. as He Appears In Latest and Best Picture

THIS is one of the latest and best pictures of Pope Pius X. His holiness has been in such poor health at times within the past year that his recent stretch of well being has been a source of gratification to his church people the world over. The above the pope in his robes of office and indicates that he was still in possession of his rigorous vitality and mental astuteness at the time it was taken. The hand of attending ego has apparently dealt kindly with the holy father.

ROOT CANAL BILL MEETS DEFEAT

EXPECT TROUBLE FOR 54 ROADS

NEW YORK, Feb. 17.—Little doubt exists but that there will be a general ... ...railroads' strike unless some satisfactory ... ...agreement is reached between the ... ...railroads and their employes before ... ...the meeting there will be but few ... ...more fifty-four railroads tied up and ... ...unable to make connections.

Demands have been made by the firemen's union and outside solicitation offers have been made by the railroad companies. At this time there is a conference being held between the representatives of both sides but it is thought that as the time is so short given the companies and as the men have not been relieved by the union that there can be no result.

The commission that is meeting now consists of the heads of several railroads, Judge Knapp, acting head of the labor commission, Hanger, and representatives of the miners.

NEW YORK, Feb. 17.—The crisis in the controversy between the railroads and their employes is at hand. Neither company, who, with five others, was a witness at the hearing before the commission of investigation, will be willing to settle the difficulties before them in expected concessions what representatives of both sides have agreed to meet Judge Knapp of the commerce court, and G. W. W. Hanger, acting commissioner of labor, the federal mediators, in a final effort to avert a strike.

"We are waiting for Judge Knapp and Mr. Hanger to announce that they are unable, under the federal laws, to secure arbitration," President W. G. Carter, of the Brotherhood of Locomotive Firemen and Enginemen, said tonight. "The result that nothing will be done by us until tomorrow."

Much disturbance is attached to the hurried visit of Judge Knapp to Washington, and also to the confer... ...ence today of Mr. Hanger and the railroad managers, and another pro... ...posal as to the method of arbitration is expected to be made to the firemen tomorrow.

Replying to the statement, made by President Carter, Mr. Hanger said: "From the assurance that we are unable to agree both sides to terms of arbitration, then it will be, up to Mr. Carter to say; we will have done all that was possible under the circumstances."

In a formal statement tonight, President Carter disclosed the Eastern out under the terms of which the railroad managers have refuses to arbitrate, and confounded various declarations of the railroads regarding the award of the arbitration board of seven which settled the difficulties of the engineers with the roads last summer.

"With regard to the public, statements by the railroads wherein it is said that the engineers' demands are unreasonable, and the public will be inconvenienced by a strike, I desire to call attention to the fact that the engineers' demands were submitted to arbitration under the railroads' plan, and the railroads have said $1,920,000 is 'dead pay, etc," said Mr. Carter in his statement. "I am advised by Grand Chief Stone of the Brotherhood of Locomotive Engineers, that while it has been ten months since they agreed to arbitrate and seven months since the hearings were closed and given to the arbitration board for decision, the award of that board has not yet been put into effect except on one railroad and it has been found necessary to request the engineers' arbitration board to meet again and finally decide what they really did mean by the award that they handed down."

The main objection of President Carter to the statement was, he declared, in the judgment men on the board compiled the arbitration. These men, he said, went to the record of the interstate commerce commission, which he affirmed were notoriously incorrect and based their findings on those records.

The railroads appealing to Mr. Carter, are maintaining in Washington a bureau which gathers statistics for use in arbitration proceedings. These statistics, he declared, favor the railroads.

If tomorrow's conference fails to effect a compromise and the federal mediators announce their failure to bring the two factions to terms it is expected that President Carter formally will issue a strike order tomorrow night.

Hearing Judicial Record.

WASHINGTON, Feb. 17.—In order that the diary and records left by Captain Cook and the companions in the hands of the Royal Geographical society of London, Secretary Dick left Chicago Church for London Thursday by way of the west coast.

Secretary Dick is in charge of the official records of the expedition and will personally have to go the data before the society at the earliest possible moment.

ALL GET HEAVY JAIL SENTENCES

CINCINNATI, Feb. 17.—John Patterson, president of the National Cash Register company, who, with five others was convicted of violating the Sherman law and operating in the restraint of trade, was sentenced this morning to what his friends and lawyers consider an unusually severe sentence. He is to have one year in jail and pay a fine of $5,000.

Each of the five men who were convicted at the same time are receiving sentences as severe as this.

There are 15 all twelve-year sentences that have been received and their sentences are correspondingly heavy.

SUFFRAGETTES PREPARING FOR INAUGURATION

WASHINGTON, Feb. 17.—While Washington, during the last week, gradually awakened to the fact that it is in the midst of the greatest woman suffrage crusade ever organized on a national scale, the suffragettes themselves, in Washington, Political leaders, in preparation for the suffrage pageant and procession on March 3, meetings have been held throughout the city, on street corners and before the suffrage headquarters, the Waldorf-Astoria. Here, it is said, more than 1,000 persons, including many from out of town, have been registered.

The fairness, the youth of Miss Rosalie Jones' army, which will march from New York to Washington, and the formation of the pageant, until the people of the capital city have become convinced that they are going to have two or more seven different varieties of entertaining inauguration week.

While the underlying motive of the procession and pageant is suffrage, the leaders, although they will not ignore it entirely, will not be the dominating feature, the "parade of the centuries," which will be led by Miss Rosalie Jones' army, which will start from New York to Washington, and the formation of the pageant, until the people of the capital city have become convinced that they are going to have two or more seven different varieties of entertaining inauguration week.

ATTACKED WHEN LEAVING HARE

CONSTANTINOPLE, Feb. 17.—From the official reports, received here this morning it has learned that Reuf Bey, the chief ruler the Turkish army, is in a dying condition as the result of the assault last night. The report is to effect that as Reuf was leaving Nazim's harem last night he was set on by an unknown man who is supposed to be a disgruntled soldier of the army.

By reason of one of the numerous marriages of the sultan Reuf Pasha is the husband of the sultan's favorite daughter and consequently he enjoys the privileges accorded to the harem.

It is now thought that there is possible chance for his recovery as search is being made for the assailant, who is supposed to have escaped in the confusion.

"WHEN OUR SHIP COMES IN."

Out on the Atlantic ocean there is a vessel loaded for America's shores and on that vessel is a man whose experiments is a cure for tuberculosis are being heralded around the world. Today the great question uppermost in the minds of the medical profession of the country, in what the Tuberculosis of Berlin has in store for suffering humanity.

The doctor himself claims he has a positive cure for tuberculosis. Those are physicians on both sides of the water who are doubting Thomases. Dr. Friedmann, the discoverer, declares he has treated 1122 cases successfully. Dr. Friedmann's treatment consists of the injection of a serotum which he claims contains non-virulent bacilli taken from the cold blooded animals of the Mediterranean to the circulation of human beings. Consumption is widely prevalent in the South. He has time for successfully completed the method of preparing the serum and states that he will have enough of his secret until he is considered to manufacture it in sufficient quantities to supply the profession.

A cure for consumption is assured and when the great strides made by the medical profession of late years is taken into consideration it will bring about a permanent cure for the great white plague.

Therefore it is not at all amusing, or surprising and thousands of anxious eyes are to be strained and centered upon that vessel which is nearest America's shores and which, sufferers and physicians of this country, with concentrated eyes will welcome in the hope that relief has come at last.

Going to the Panama Expo

Alden?

here is no question of doubt that San Francisco Exposition will be a success this has ever been publicity to the world. Everything is now fairly in the line of success of our business men and all products of the locality are ready for the first of March in return for money invested.

Everything shows conditions in the Panama-Pacific Exposition will be handsome, magnificent, and naturally the visitor feels in coming.—Chicago Record-Herald.

Telephone Point of Years.

Telephone service is assured of all by the Pacific Telephone & Telegraph company, which has just completed the installation of a system of underground cables in the business district of San Francisco. The system is now fairly complete, and the company has announced that it will be ready for use on the date set in connection with the opening of the exposition.

Telephone service in San Francisco has been handicapped by the fact that the overhead wires were destroyed by the fire in the district following the earthquake of April 18, 1906. Since that time the company has been engaged in the work of replacing the wires underground. The new system is declared to be the most complete in the world
