Public School Notes

A report issued by the Board of Education regarding the results of the examination of the public schools for the year ending June 30, 1914, is being distributed to the parents of the pupils. The report shows that the schools have made a marked improvement in the quality of their instruction and in the general health of the pupils. The following are some of the highlights of the report:

The schools have made a marked improvement in the quality of their instruction and in the general health of the pupils. The following are some of the highlights of the report:

Boy's Life Camp

A report issued by the Boy's Life Council regarding the results of the examination of the public schools for the year ending June 30, 1914, is being distributed to the parents of the pupils. The report shows that the schools have made a marked improvement in the quality of their instruction and in the general health of the pupils. The following are some of the highlights of the report:

Dr. PRICE'S BAKING POWDER

helps housekeepers more than any other article in the household. Its use protects the health of the children.
