THE DAILY SIGNAL

Published Every Day Except Sunday by the SIGNAL PUBLISHING COMPANY, 24 State St.

Subscription Rates: 1 week \$1.00, 1 month \$3.00, 3 months \$8.00, 6 months \$15.00, 1 year \$28.00

It is well that the Sentinel concerns itself about the Gilbert farmers, for which the show-down comes they will not be alone in taking a stand for a policy that will compel timber companies and other land speculators to pay their taxes at the same ratio the farmer and small realty holder has to pay.

VERY CLEVER INDEED

The Wallace Press-Times has evolved a very nice plan to leave Senator Borah out in the cold when it comes to delegates to the national convention. It makes a strong position in favor of recognizing our congressional delegation in choosing men to go to the convention, arguing that men of the greatest ability should be sent and then pointing to the ability of Senator Borah and the others, but it also points out that the delegation from Idaho will be instructed from Taft Senator Borah cannot, as a matter of conscience and consistency, accept a place on the delegation.

LOWER COST OF LIVING

Grocers in Philadelphia are making an experiment which should prove successful, will point the way to a reduction of the high cost of living in their own territory and may furnish a solution for the dissatisfaction with prices elsewhere. The grocers in one section of the city have organized what they call the Grocers' Association.

OUT OF BUSINESS TODAY

For several days the Signal has been seriously handicapped by the failure of the electrical current which furnishes the power to run our machinery, and today the transmission line is entirely out of business. The probabilities are that what little news appears in this issue will all be hand-set, and as the modern office is not equipped to handle the news in the old way, this paper will present anything but a neat and healthy appearance.

Elk River Sentinel Squirms

As would naturally be supposed the Elk River Sentinel came to the rescue of the timber companies in its last issue, replying to the article in the Tribune of March 22, the title of which was: "Will the People Please to Have Full Sway?"

Wheaton Theatre

APRIL 20th, 8 p. m. Reserved Seats \$1, Students 50c, Children under 14 25c, General Admission 50c

Entertaining, Instructive. Bring the whole family

Auspices St. Luke's Guild

There are signs that the people themselves are realizing that legislation will not effect the remedy that is desired, and that co-operation rather than destructive competition has become the life of trade.—Washington Post.

AS TO BODILY

The problem that Radium that Radium everything that anything to everything revealed itself to man. They say its goal for career and excellent for life. The whole scientific theory is knocked to bits.

TRAINING THE HAWK

A Feeding Lesson Given by an Old Bird to its Young. While fishing in a reservoir and with part of becoming a British national character to witness an exhibition performance in the form of a feeding lesson given by an old hawk to its young.

PRACTICAL SYMPATHY

A Prety Incident in the Career of a Woman. "We are not brothers for nothing," Rosa Bonheur once wrote in jestling tones to her brother Ludovico.

A THRILLING RIDE

Flight of a Fast Mail Train to Make Up Lost Time. When the first really fast mail train was started on the Pennsylvania route of Evansville, Wis., at the foot of the Wisconsin mountains, it was the only one of its kind.

WEALTH AMONG TREASURY SERGS.

Chicago among government "gold" men. The two women who are the most important men in the treasury department, and spend the most of their days in the treasury, are the two women who are the most important men in the treasury.

WILL IN THE FUTURE

Change amongst the future men. I did not know that time filled things with time. I haven't even had my first experience.

WELL WEATHER

THE WEISER TRADING CO.

OF COURSE

THE STAR THEATRE FRIDAY NIGHT ONLY

Prof. Walter Parkes, Explorer and Lecturer, will present the wonders of Alaska—too colored, all taken by himself right on the spot. Prof. Parkes will devote considerable time to a discourse on mighty icebergs such as caused the terrible wreck of the steamship Titanic. Prof. Parkes is well-qualified on this subject, having spent seven years traveling in and about Alaska.

PICTURE PROGRAM
Mobilization of the Pacific Fleet at San Diego and Magic Isle of the Pacific—Santa Catalina

THE PARTING OF THE WAYS—A Rex Drama unusually strong, clean dramatic picture, and profiting from the writing of A CITIZEN OF WEISER. Do you know him? We are not allowed to divulge the present.

"JOLLY BILL OF THE ROLLICKING R"
(Some Comedy)
Admission 10c and 15c

ELK Theatre Friday and Saturday

PATHE WEEKLY—Pathe
any interesting happenings this time one of which is the launching of the \$10,000,000 Super Dreadnaught George V and many other interesting subjects.

"PAID BACK"—Selig
tense, dramatic recital of a modern newspaper scoop based on true incidents in real-life.

On account of a mistake in shipment the other three pictures of this program did not arrive this morning but it will be here tonight in time for show.

PURELY PERSONAL

B. S. Varian returned today from a business trip to Boise.

George Oldrey went to Missoula Friday on a hand deal.

M. H. Finch of Corvallis, Washington, was an arrival Thursday.

C. S. Dickerson left Friday with a shipment of cattle for Portland.

H. W. Bond returned Friday from a business trip to New Wagonville.

C. W. Schydel of Middleton, Idaho, is transacting business in our city this week.

Mrs. W. E. Sprout of Council was among arrivals yesterday, registering at the Overton.

August Welmsayer of Medford, Oregon, was among business arrivals yesterday.

Mrs. J. A. Lauer, of Payette, returned to her home today, after a brief visit with relatives in the city.

Mrs. E. M. Heflich and son Cedric, went to New Meadows today for a brief visit with Col. Heflich.

Mr. and Mrs. Bert Zickler went to Prineville Friday for a brief visit with their son Mrs. Zickler.

M. L. Vial, who has been transacting business in Truesdell, Oregon, for the past few days, returned home Thursday.

Miss Ida Hatten returned today from Payette, where she has been the guest of Mrs. Jess Whitlatch for the past few days.

Mrs. M. E. McCormick, who has been visiting friends and relatives in Portland for the past two weeks, returned home Thursday.

John Young of Bethany, Missouri, who intends to fill the pulpit of the Christian church Sunday, arrived in the city Thursday.

of families of St. Albans, who are now transacting business in our city for the past few days, returned to their homes today.

School was dismissed this morning at the high school building on account of the lack of power to heat the building.

Mrs. Leta Evans, who has been visiting with her sisters, Mrs. Ben Ross and Mrs. Frank Townley, for the past month, returned Friday to her home at Auraria.

Tom Gentzen, who has been visiting in Vale, Friday, where he has established a butcher shop.

John Brocking left Thursday evening for Portland on business. He is expected about coming back. Weiser is entirely too good for him to remain away long.

Don Knecht returned to his home at Huntington Thursday for a brief visit with his grand-parents, Mr. and Mrs. John Netten, of this city.

H. R. Drury, who has been visiting his family in the city for the past two weeks, returned to Huntington Thursday, where he has been working.

Joe Madison, a stockman of Cambridge, who has been transacting business in Baker, passed through Weiser Friday enroute to his home.

L. L. Feltham left Friday for Mineral to look after some business interests in connection with some mines. From there he will go to Cottonwood Basin on business.

F. N. Northrop of Eugene, Oregon, who has been transacting business in Twin Falls, came to the city Thursday to look after business interests here.

J. H. Yarbain of Council Bluffs, Mo., is in the city for the first of the week to look over the country, while enroute to Council Bluffs. He was accompanied by Walter Valley.

Miss Rena Berning arrived in the city last evening from Okanogan, Washington, and is the guest of Mr. and Mrs. G. L. Conkling. She has accepted a position with the Soliman Dry Goods Co.

Thos. A. Johnson considers the development of radium the most important of the year. Hear Prof. Patty at the opera house Saturday night, and witness the wonderful experiments.

Dr. H. A. Grossman, vice president of the Globe Optical Co., of Boise, is in town in Weiser, making an inspection of the business here.

George Oldrey will make regular visits to the city every 30 days and will notify the people of his next visit through the official columns. Dr. Oldreyman requests parents to bring their children for eye examinations, as he makes that one of his specialties.

NOT FEW SHOWED UP.
A short half an hour turned out on Park as expected.

The irrigation ditch from the canal to the city park is only half done, and that is just because only half as many turned out Thursday afternoon as the ditch-digging job was first expected. In fact there were only about 100 who turned out and only about 100 of these were high school students and members of the faculty.

Three members of the council, Knize, Lloyd and Haas, took an active part in the work, as did also Engineer Wood in setting things started off right.

While the amount of work completed is nearly satisfactory to the members of the park committee, yet the extent of the results accomplished is a big disappointment, as it was hoped the ditch could be completed and practically put in readiness to receive water.

Necessarily, worked like a team until five o'clock when a sunshower came, which concluded the program for the day.

The duties of the park committee and all others who participated in this important work deserve great credit for the splendid results obtained. The park is now in excellent condition and the committee intends to see to it that the ditch is completed and irrigating facilities provided as soon as possible.

Planting Thousands of Trees.
Engineer Stuart French returned to Boise Friday from a brief business trip to Council Bluffs. He took considerable active part in that section and says that in addition to the vast acreage already set out on the new tract, 8,000 trees are now being set out. The outlook for a prosperous year is indeed flattering.

The Ruth of Mabley, Idaho, is being exhibited by Prof. Walter Parkes who spent seven years in the circus. It is not only interesting and amusing but very instructive. The show always gets unappreciated. Prof. Parkes has arranged to make the show his own. His theatre tonight, 8:30 by himself. Star theatre tonight, 8:30.
