TROUBLES OF THE EAR Many of the cases of ear trouble which are reported to us are due to the fact that the patient has neglected to clean his ears properly. It is a very simple matter to clean the ears and it is a very important one. If the ears are not kept clean, the wax which accumulates in them will become hard and will plug the ear. This will cause a feeling of fullness and will prevent the ear from hearing properly. It is a very simple matter to clean the ears and it is a very important one.
