WEISER, WASHINGTON COUNTY, IDAHO, TUESDAY, JUNE 19, 1912

HU ROOT ELECTED CHAIRMAN

WEISER AND ROOT PLACED IN NOMINATION

June 18.—(By Rod Jones.) The nomination of McGovern was announced by the Roosevelt delegation from Ohio and also by the Oregon delegation. Dr. Bradley, of Kansas City, began to address the convention at 11:30, but confusion followed and he was compelled to pause for order to be restored. Quiet returned again and he finished his remarks at 11:45. Through a megaphone that only three or four more short speeches were to be made, and asked the assembly to preserve order. A number of individual delegates seconded McGovern's nomination. William Allen White, of Kansas, addressed the convention on behalf of McGovern. His eloquent tribute to Roosevelt was loudly cheered. He said Kansas was proud to stand by Hovey, and that California, Ohio, Illinois, Pennsylvania and other Roosevelt states were the backbone of the Republican party. A Massachusetts delegate followed with a speech for McGovern, and Walter L. Hamilton, of Wisconsin, followed with a speech for the candidate from his state. His reference to La Follette was loudly cheered. He concluded his speech at 4:15 Chicago time. One of the Indiana delegates demanded to be allowed to file a citation before the roll call.

SUBMISSION OF ROLL STARTS THE STRUGGLE

CHICAGO, June 18.—The expected struggle for supremacy in the national convention began immediately after the announcement by Acting Secretary Hovey of the official roll of delegates as presented by the national committee. Governor Hovey, of Missouri, as floor manager for the Roosevelt forces, immediately took the floor and announced the roll. A stirring speech on behalf of the majority of the committee, he said, represented more than simply a band of men, that in many ways can influence a convention. He cited the conventions of 1884 and 1888, which much fervor he declared the national convention is only a servant of the people, the delegates represent and not their master. He concluded his address at 12:55 by saying: "This convention should not proceed until the roll of names has been called."—(By Governor Hovey of New Mexico.)

RYAN DESERTS FLYNN'S CAMP

LOS ANGELES, June 17.—According to a telegram received here today from Tommy Ryan, the former midweight champion, and leader for Jim Ryan in the latter's scheduled battle with Jack Johnson July 4, Ryan has become disgusted with Flynn's camp. Ryan declares he has no chance to win and has severed his connection with the challenger's camp. The message, addressed to the sporting editor of a morning newspaper, reads as follows: "Dear Lee Vegas, N. M., June 17.—An disgusted with Flynn. He is hogging the hall. It was with great difficulty order could be restored for continuing the roll call." (Continued on Page Three.)

WET AND DRY FIGHT IN ADA

June 18.—The wet and dry forces fought yesterday after the passage of the bill in order to get all of the matter for the election to both sides have been covered for the next two weeks. The result of the election will be known in Boise as early as 9 o'clock, as the ballot is very short and can be counted rapidly. The 207 precincts will be the first to report, although several of the close country precincts, where the vote is light, may come in earlier. Several of the country precincts may not be in until early Thursday morning, as there are few telephones near the polling places.

So great has been the demand for the final result of the roll call that the vote by states has only some place, and although the signal has been held for two hours we must go to press without it. The total as given are correct and it is positively known that Mr. Root was elected temporary chairman of the convention by a margin of 19 votes.

When it became certain from the roll of the Washington delegation that Root had been elected temporary chairman pandemonium broke loose in the hall. It was with great difficulty order could be restored for continuing the roll call.

Reproductions of incidents of local historical interest through the medium of tableaux, tableaux vivants, which have for a number of years been popular in the city, are given here in the city. The illustrations show the miller's ten children as they troop out to mill to eat their breakfast in the open air. Not only were the children's parents, but the miller's wife and the miller himself were there in words and things familiar to the Dutch ancestors of many present day dwellers in the Hudson valley.

IDAHO DELEGATES ORGANIZE

CHICAGO, June 18.—The Idaho delegation organized by electing H. H. Hagan, chairman; John W. Hart, national committee man; Henry St. Clair, a member of the committee on credentials; Dean Evans on credentials; and J. E. Hagen on resolutions. When Women Vote. Fair Suffrage—Isn't she a fright! Why does she do it? Her clamor! Principles—She swore she wouldn't vote a vote until Maine built to elect president—Park. A Mistake. Landed—You owe me now for four months' rent, and the first three months you paid so promptly—Tomb—1-27. How a woman's vote does it—H. H. Hagan on Finance.

OPENING SCENES OF THE CONVENTION

CHICAGO, June 18.—When the doors of the Coliseum building were thrown open at 10 o'clock a. m., the throng in the vicinity was jammed, people making every effort to get in. The hall filled rapidly and it was but a short time until practically every delegate was in his seat. Delegates of New York was much in evidence, partially owing to the New York and Kentucky delegations occupying the front section. Pennsylvania's latest direct-back of New York and about the center of the stage reserved for delegates.

BORAH IN THE LEAD AS A DARK HORSE

CHICAGO, Ill., June 18.—The Chicago, New York and other delegates, "Borah is best bet for a dark horse," said an Idaho delegate, "and if you will put your ear in the ground it will be Borah if a break comes." "I have it from good authority that Barnes of New York stands ready to swing to Borah if chaos demands it and we at the west believe that will happen."

THE TOP OF THE WORLD

How an Explorer Would Know When He Was at the Pole. The question arises in the mind of every one who is not an expert in polar measuring instruments, 'How do the explorers know when they are standing on the rotating point-of-the-world?'

Perhaps there is a queer sensation when one is standing on the exact spot, but then no one has pointed out how sure you remain there two or three days so that errors of measurement can be corrected.

Also you can measure the height of the sun above the horizon. When one is standing on the pole the sun circles round the observer during the whole twenty-four hours. It does not perceptibly rise or fall during the day.

You measure the sun's height above the horizon line. It is at noon at mid night and so forth. The angle you obtain is the angle which you should obtain for your supposed position in the Arctic or so you are not at the pole. It must describe a perfect circle about the center.

Named All Their Women Maria. Several islands in the Indian Ocean were named after the queen.
