Seven Devils Ore at Salt Lake.

Assays show from two to seven ounces of gold and from seven ounces of silver per ton, with like proportions of lead to the ounce of gold and silver, which is said to be much richer than the ore from the Seven Devils district.

The Black Jack district, adjoining the Seven Devils region, the mines and mill of the Gold Coin Mining company are now being operated under the management of Ed Reed, the plant in which the ores are crushed consisting of 40 stamps weighing 850 pounds each, which is said to be more than one of the rates of "ten stamps to the ton" are being run. The ore from this district is of a free milling character, and is said to be very rich, where a large amount of gold bearing ore has also been exposed.

Manager Reed left on the Saturday evening train for Salt Lake, and will leave for his home in Hennessey Weiser again today.—Idaho Leader.

Vinegar Condemned.

Alexander McPherson, pure food, health and oil commissioner, recently condemned two carloads of adulterated vinegar, one at Montpelier and the other at Idaho Falls. The carloads to which the vinegar was shipped destined to receive it and the shippers were notified to preserve the goods from the state commission of food inspection. Upon inspection of the vinegar at Montpelier and upon a carload at one Call at Idaho Falls and another at Wallace, which were not up to legal requirements, and not up to legal requirements, and the vinegar was ordered out of the state in both.—Idaho Leader.

Wagon Road to Mines.

The Idaho Metals Company, which owns and controls enormous beds of copper ore in the Panhandle along the Snake river, and rich silver mines in Mineral City, Idaho, is actively engaged in constructing several miles of wagon road from Dalton's Landing, County Surveyor C. M. Foster has just returned to Baker City from making an extended survey.

Lack of transportation facilities is the greatest drawback to the development of this wonderfully rich mineral land, whereupon it happens by a railroad, these wagon roads now in course of construction will prove a very valuable feature.—Baker Democrat.

Verdict for Defendant.

The case of R. H. Hill vs. Thos. Hamilton, which was tried before Justice Bell on Saturday, was decided in favor of the defendant. The jury was out about one hour and rendered a verdict for the defendant. The case was brought to recover $100 for services rendered in the defendant's orchard.

Under New Management.

The Signal is in receipt of the following intelligence which will be of interest to our readers as Brewster, Oregon, is the terminus of the Oregon Short Line railroad in Crook county:

Mr. Brewster severed his connection with the Brewster Realty company, and will hereafter devote his entire time to the management of the Brewster Hotel, which he has leased from the company. Mr. Brewster has had charge of the hotel since it was built, and has made it a popular resort for the traveling public. He will be pleased to see his friends at the hotel, and will endeavor to make it more than ever a home for all who may favor him with their patronage.

Reclaiming Weiser Irrigation Canal.

Engineer Dyer will this week begin the preliminary surveying for the enlargement of the Weiser Irrigation District canal. Plans and specifications will be prepared and bids for construction of the work will be advertised for. It is hoped to begin the work of enlargement about August 15th.

Off for Thunder.

The Silverton party of capitalists from Dolores, Kansas arrived on the morning train Friday, and left on the T. & I. R. R. for Council, to which point they are to be joined by Thunder Mountain. The party consists of three persons, following men and one lady. They are interested in mining property on Smith creek, and are going into the camp to personally inspect same.—Meadows Mercury.

Ministers' Meeting.

The Ministerial Association met at the home of Rev. H. G. Taylor at the usual hour, last Monday. Mrs. Dial occupied the chair. The secretary was requested to express the recommendation of the association for the prompt action taken by the city council regarding the visit of gamblers. Rev. H. R. Evans read an interesting and thoughtful paper on "How to read the Bible." After an animated and prolonged discussion of the vital question, the association adjourned to the first Monday in Sept. And after prayer by Rev. H. G. Taylor each one went to his own home.

Deal is Closed.

Chas. L. Rogers has closed a deal with the Land Trade Company, whereby he is to deliver 3000 tons of new hay on the ship yards. Both are many acres in the Weiser Valley district to the reclamation farms under the auspices of Hammond, Oregon. The hay will be transmitted by steamer from the mill to the shipping station, a distance of about 25 miles, over a good road. The deal is just across the Snake river on the ferry boat at Battery Landing.

Mr. Rogers figures that at the present price of copper, the ore will run from about $16 per ton upward, above freight and transportation charges. Quite a few in the neighborhood have made locations in the district.—Meadows Mercury.

Young People's Anniversary Meeting.

The Young People's Union celebrated their first anniversary last Sunday evening at the Congregational church. The six societies belonging to the Union will be well represented and the town churches of Weiser the meeting belong with fine singing services. The societies will each give a five-minute address at various times through the program. The meeting is necessary long meeting to those who attend and every one is cordially urged to be present. The meeting immediately following the anniversary of the Congregational church, and begins at 8:00 o'clock.
