An Open Letter to the Public
THE buying public has a distinct interest whether or not a merchant advertises. It is to your interest, Mrs. Consumer, whether or not your merchant tells you by advertisement of his wares for—it is an economic truth that only the merchant who advertises can afford to make price concessions that are really competitive, to do business on the smallest sale profit.
The merchant who does not advertise is necessarily content with small sales, therefore must make a large per cent profit.
Again—the very fact that your merchant advertises is a guarantee that his goods are moving every day, therefore you are assured of good goods and fresh goods. No merchant can afford to advertise for your inspection, stale or shoddy goods. Your pocketbook, your satisfaction, your every interest demands that your merchant be a good advertiser.
