**University Recommended to Blame.**  
—(Continued from page 1.)  
written, No. 2, 1901.—About two years ago, was laid up for four months with a severe attack of what is called "Bally's Brain Disease," one health care me. I can, however, remember nothing of the disease, except that it was a very severe one. I have had no trouble since, except a slight attack of "flu" last summer. I am now in good health.

**Freight Car Burned.**

On July 12, a freight car belonging to the Chicago, Rock Island and Pacific Railroad, was burned at Council Bluffs early Friday morning by an electrical short circuit in the engine room of the car.

Report of water, light, com-

munications, etc., were made to the freight office, and the car was taken into the yard of the latter place and repaired.

Freight cars are regularly

inspected twice a week, and

the car was found to be in

good condition.
