TAKE A DAY OFF AND COME TO COUNCIL

The Big Land Sale Is Set for August 25th

and if you are not there you will miss a lot of good buys.

The choice lots in town will be sold on the 25th.

The prices are low, running from \$50.00 up for residence lots. We cannot say terms and interest is only six per cent. This is an opportunity to make a little of your money go a long ways, and to bring you big returns. Will you take it?

To each purchaser of property we allow his receipt for fare over the P. & I. N. Ry.—just the same as cash.

The trip will cost you nothing if you buy one of Council's best lots.

THE future of the town is bright. Horticulturists have publicly announced that Council cannot be excelled as an apple country, for neither this year are in demand everywhere. Council will send more of a fruit display to the national fruit exhibits than all the rest of Southern Idaho put together. There's a reason—investigate. The method and market facilities are the best. The climate is healthy and pleasant. The water supply is sure. Building material but a few miles distant. The people are progressive and a very congenial class. The agricultural and horticultural average surrounding Council is increasing and will suggest a city. Council is bound to grow and to grow rapidly. Better come now while the opportunity to get in on the ground floor awaits you.
